# COME AND DISCOVER.

When you were really small, you remember you were very curious! As you grew older , you started finessing your best traits . Your thoughts became limited and you started focusing on the 'now'. It's important to focus on the present. However , don't give up on your dreams. Do what you love, and love what you do.

At **Shree Jee International School**, we want to nurture this thought in every student .

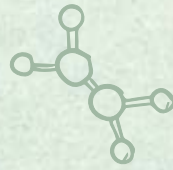

We all grow up with dreams of the future. But are we able to realize them fully-is the question. Do we find the means and the resources to become who we thought we should be?

Welcome to **Shree Jee International School**. A celebration of the power of the mind. Where thoughts find expression in action, questions discover their answers and ability is transformed into achievement.

After all, this is not just a school. It is an experience that inspires young minds to think, enquire, explore and experiment. It is a research lab that equips them with the tools to practice and learn.

At **Shree Jee School**, a world of opportunities help your child to truly become-who s/he wants to be.

## VISION

Shree Jee International School is founded on the principal of "Respect" where we strive to nature intrinsically motivated, collaborative learners who listen, question, challenge and probe the world around them. They are taught to take ownership of their learning that aids them in becoming responsible, global citizens. We aim at creating an educational environment which motivates all students to enhance their abilities, interests and talents to the fullest.

## MISSION

The school's mission is to provide a learning environment that encourages children to bring out the best in themselves and enables their all-round development through the joy of learning, enduring values and the celebration of diversity.

## ABOUT SHREE JEE EDUCATIONAL TRUST

*"TECHNOLOGY IS OUR RELIGION AND QUALITY IS OUR MOTTO"* - is the driving force motivating the Shree Jee Educational Trust to work with total commitment towards excellence in every endeavour.

Shree Jee Educational Trust has ventured in education in 2016. Since its inception it strives to contribute to quality education and its improvement in urban and rural communities. The trust is committed to nurturing global citizens rooted to traditional values.

Students are offered an environment that is conducive to learning and it is ensured that they get access to the best of infrastructure and learning resources.

The aim is to create an world-class learning environment and get to new boundaries of knowledge.

## ABOUT CHITRAKOOT CITY

Chitrakoot have religious and spiritual importance, falls in the northern Vindhya range of mountains spread over the states of Madhya Pradesh and Uttar Pradesh the oldest pilgrimages in the country located on the banks of the Mandakini river (also known as the Paishwani river).

Chitrakoot is a gift of nature, one of the most important place mentioned in the great Hindu epic Ramayana. Lord Ram, Sita and Lakshman stayed here for about 11 years of their 14 year exile and met Sage Atri and Sati Anasuya. It is also believed that all the gods and goddesses came to Chitrakoot when Lord Ram performed the final rites of his father here.

Chitrakoot have many religious places of interest like Samadgiri which in Sanskrit means the mountain that fulfils all desires, Hanumaan Dhara, Janki Kund, Lakshman Pahari and Devangana famous religious mountains.

## ABOUT SHREE JEE INTERNATIONAL SCHOOL CHITRAKOOT

Shree Jee International School has built up with a mission and vision to develop the region with skillful education. The need of the hour is not only to literate people for getting a degree or diploma but to emphasize on more creativity. The most challenging part in today's education system in our country is lack of risk management which never allows student to plan and think. The Shree Jee Education in collaboration with Jaipuria Edutech have a plan to develop multiple intelligence to bring out the inherent talent of students. As per a research done by Sree Jee Educational Trust it has been understood that Chitrakoot and in its nearby vicinity students have lot of talent but unable to perform due to lack of motivational facilitators and scientific infrastructure. Shree Jee Education is bound to get the bestest faculties from All Over India. The team of Sree Jee International under the guidance of Dr. Surendra Agarwalji with the collaboration of Jaipuria Edutech has developed the school's infrastructure in such a way that no student should be deprived from their natural growth.

Shree Jee International school is built in 2.5 acres and it would be known by centre for holistic development. The school will function with a concept of residential school in near future where students will be taught with the strategy of blended curriculum on the ideas of Gurukul and 21<sup>st</sup> century's technology. Further Jaipuria's Edutech will add on this inspirational approach.

Keeping in mind the recent changes brought by CBSE the school with its research team has developed wonderfully the co-scholastic and scholastic patterns where all inquiries and enquiries will be addressed directly in the school. The main idea of this school to allow every student to think independently and not to force them "What to think". The school is completely equipped with modern infrastructure where class rooms are equipped in such a way that all the learning abilities queries could be met especially audio visual and kinesthetic.

Every child will be trained to think "High" and indigenously. The challenge in education system in today's world and especially in this region is teachers are mostly dictator and students are forced to become listener. At Shree Jee we assure every stakeholder that students will be nurtured for leadership quality and the environment will be of interactive. Every child will be encouraged to participate as we believe that schools are responsible to create tomorrow's citizen.

Come and be part of this hub to find your kid a different from others. Let you all find a uniqueness within your kid.

Help your child to grow naturally and do not force them to just study rather than learning with ambition.

Shree Jee School believes learning is continuous process and our passionate team always there to help your child to develop a versatile personality

## MESSAGE FROM MENTOR’S DESK

Few words of Mentor .....

"If you are planning for a year, sow rice; if you are planning for a decade, plant trees; if you are planning for a lifetime, educate people."

It is our family's dream project to develop Chitrakoot District with the mind set of creativity for better management skills. It is very difficult to find out a good school where child gets nurtured with his indigenous ideas. I am proud to announce that The Shree Jee's mission and vision are one step ahead to create a difference between literacy and education.

Parents are bewildered to understand the meaning of excel in this education system as every school's target is to define the definition of result orientation only on papers. The value for objective learning has diminished due to "emphasis on the marks system". But 'marks' does not play a role to fulfill the objectives of real life as it is only a part of measuring the values rather than bringing in-to practice.

Shree Jee International School's philosophy is to shape every individual as a Leader. Leadership is not about changing the mindset of a group, but in the cultivation of an environment that brings out the best and inspires the individual in that group. Student leadership is the most important activity in a learner's life as it paves the path for a child to find his voice. When students are given the skills and opportunity to lead in their schools, they are empowered to have a real impact on their learning and school environment. Also they are prepared to participate meaningfully in their community.

Shree Jee International School's curriculum is par excellence to any other International school as its main focus is to educate a child and not to make mere literate. The word education is derived from two Latin words; one is "Educere" and other is "Educare". The first one means to train and the other to nourish. In essence education means to train and to nourish with knowledge.

An investment in education always pays the best interest. Education is the license to the future. Tomorrow belongs to those who prepare for it today. Without education you are not going anywhere in this world.

Work hard, burn the midnight oil, and I'm sure that finally your dreams will come true!  
Education is the best friend. An educated person is respected everywhere.

**I wish all the success and happiness to each and every one**  
**Sincerely,**

**Rajendra Prasad Agarwal**  
**Senior Advocate**

## MESSAGE FROM CHAIRMAN’S DESK

Dear Parents,

Being a responsible Citizen from decades of Chitrakoot; a holy town from centuries a strong desire was there to improvise the education system by catering 21<sup>st</sup> century's ideology blended with human values. The philosophy of Jaipuria schools is the one in this kind where child gets nurtured with all the important ingredients for independent thinking and humanitarian approach.

Education is the basis of all progress. The entire purpose of education is not to restrict itself to imparting bookish knowledge only but inculcate humanitarian values like wisdom, compassion, courage, humility, integrity and reliability in a student.

It is my pleasure to welcome you to the Jaipuria school community.

The coming future shows that quality education being a very essential tool of progression drives in for all human welfare for the modern society. This is more so specifically in the fields of different professions and technical trainings. We have to be prepared to give more attention to inculcate in the students a scientific temper by promoting the spirit of enquiry and following a rational and objective approach.

Our school is adequately equipped with all the facilities to face any challenge of the new age. *Shree Jee International School* has measured up to the expectations of the people and its neighbouring areas and become a role model in the field of quality education.

The campus, sports and academic facilities all bear testimony to this effort. In order to promote an internationally acceptable education, our key focus has been on faculty development to inspire confidence and trust in their students and become role models. Further, the School inculcates in the students a respect for tradition and ensures discipline and good manners.

I feel honoured to be the Patron of this organization which will not only excel in academics but also in extra and co-curricular activities. The organization is also paying adequate attention to boosting creative ability and also the moral grooming of the students through a series of scientific developed curriculum.

I pray for its success and prosperity.

I look forward to you to join us in our mission for excellence and contribute to our journey towards exploring the possibilities to groom better citizen of our country.

**With all the Best Wishes,**

**Dr. Surendra Agarwal**  
**(Chairman)**

## MESSAGE FROM PRINCIPAL'S DESK

Ardent Families,

It is a great privilege and honour to be with such a prestigious Jaipuria school education group which enunciates certain sound principles of good teaching engaged in the process of learning.

It is another remarkable step by Jaipuria group of schools to provide a unique platform for holistic development in Chitrakoot and surrounding areas. Further a wonderful scope for the families to avail this Golden Opportunity to get groomed their children with different life skills based on different learning abilities and need not to think to visit big cities. Jaipuria School is open with new vistas of student engagement and learning by incorporating technology through innovative practices that will heighten the scholastic and non scholastic performance with fun and enjoyment for students, families and staff.

In providing high quality education relevant to the needs of our students, Jaipuria schools rely on close collaboration with parents and community. Jaipuria schools strive to provide a safe, harmonious and caring environment where all students are challenged to reach their potential and to experience success in a wide range of areas. Schools curriculum incorporates higher level thinking skills and teaching for Multiple Intelligences. This provides many opportunities for children to perform at or above their expected level and to be challenged to achieve excellence. The four key values that support our programs are **Empathy, Respect, Responsibility and Integrity**. Values help us all decide what is right and what is wrong. They also help us live our lives in a meaningful way. They guide the way we think, speak and behave providing students and staff with the tools needed to be life-long learners and positive contributors to our community.

Our teaching methodology ensures that students are being exposed to a holistic education experience in an active and dynamic learning environment, giving them the opportunity to achieve excellence by identifying and realizing their potential. Our integrated teaching methodology nurtures a stimulating learning environment to encourage students to learn at higher levels. Instructional strategies are student-centred and include active learning, inquiry, experience-based learning, cooperative and participative learning activities. We focus on integration of knowledge, development of critical thinking, problem solving, performance skills and value based education. Such a learning environment encourages the students to enjoy lessons, try out new things and to think creatively and independently.

Classroom teaching involves Discussion, Lively interaction with the students, PowerPoint presentations, worksheets which provides a comprehensive solution in meeting day to day classroom challenges and enhancing student's academic performance with simple, practical & meaningful use of technology.

Thinking is an objective of education. "Teaching students to think" is a one of the most commonly expressed aims of education, generally and in any subject field.

The purpose of our school is to make children clear and firm on principles, courageous in action and nurture universal love in their consciousness to become good human being.

Our 21<sup>st</sup> Century's school team is ready to inspire young minds for the aspiration to achieve aim of life.

Mission is very clear to unlock the inherent potential within every child to enable to think creative and to develop the attitude of risk taking towards the journey of successful entrepreneurship.

**Enjoy Learning!**

## ABOUT JAIPURIA EDUTECH PRIVATE LIMITED

The House of Jaipuria ventured into education in 1945 with the setup of the Jaipuria College, Calcutta, and since the last seven decades, have grown to include schools and management institutes that have set benchmarks for creativity, innovation and nurturing leaders of tomorrow. Our schools and the management institutes in Lucknow, Noida, Jaipur and Indore have ensured that today, 'Jaipuria' has been a name synonymous with quality education in India.

Jaipuria Edutech has been instituted to help run schools in the country by providing services that would enable them to reach towards excellence. Currently, Jaipuria EduTech is providing support to 15 schools across the country. We wish to be a part of a noble cause of revolutionizing the nation, not to mention, enhance the legacy of Jaipuria. We foresee bulk of growth coming from Tier II and Tier III cities.

The penetration of high quality schools is still low there, whilst the demand for growth in these cities is exponential. These schools are in collaboration with entrepreneurs at local levels. We believe that this model will allow us to leverage our experience and expertise in education at the national level, whilst the goodwill and effort of our partner at local level would enable us to get grand results at the ground level.

# RECOGNIZING THE “SELF” IN EACH CHILD.

True knowledge comes when we know who we are. At Shree Jee International School, we place ‘I’ or the ‘Self’ at the core of all learning. Every aspect of school life supports and adds to the understanding of the ‘Self’. And the knowledge of the world emerges out of it. Our students are hence, not only ‘educated’, they are also empowered. They are equipped for Self-learning. And they grow up to become the masters of their destiny.

## Self Knowledge | Self Assessment | Self Control | Self Learning

The pedagogical tools used to inculcate these values in the students are:

**WORKSHEETS:** creative worksheets to challenge the children to think rather than memorise

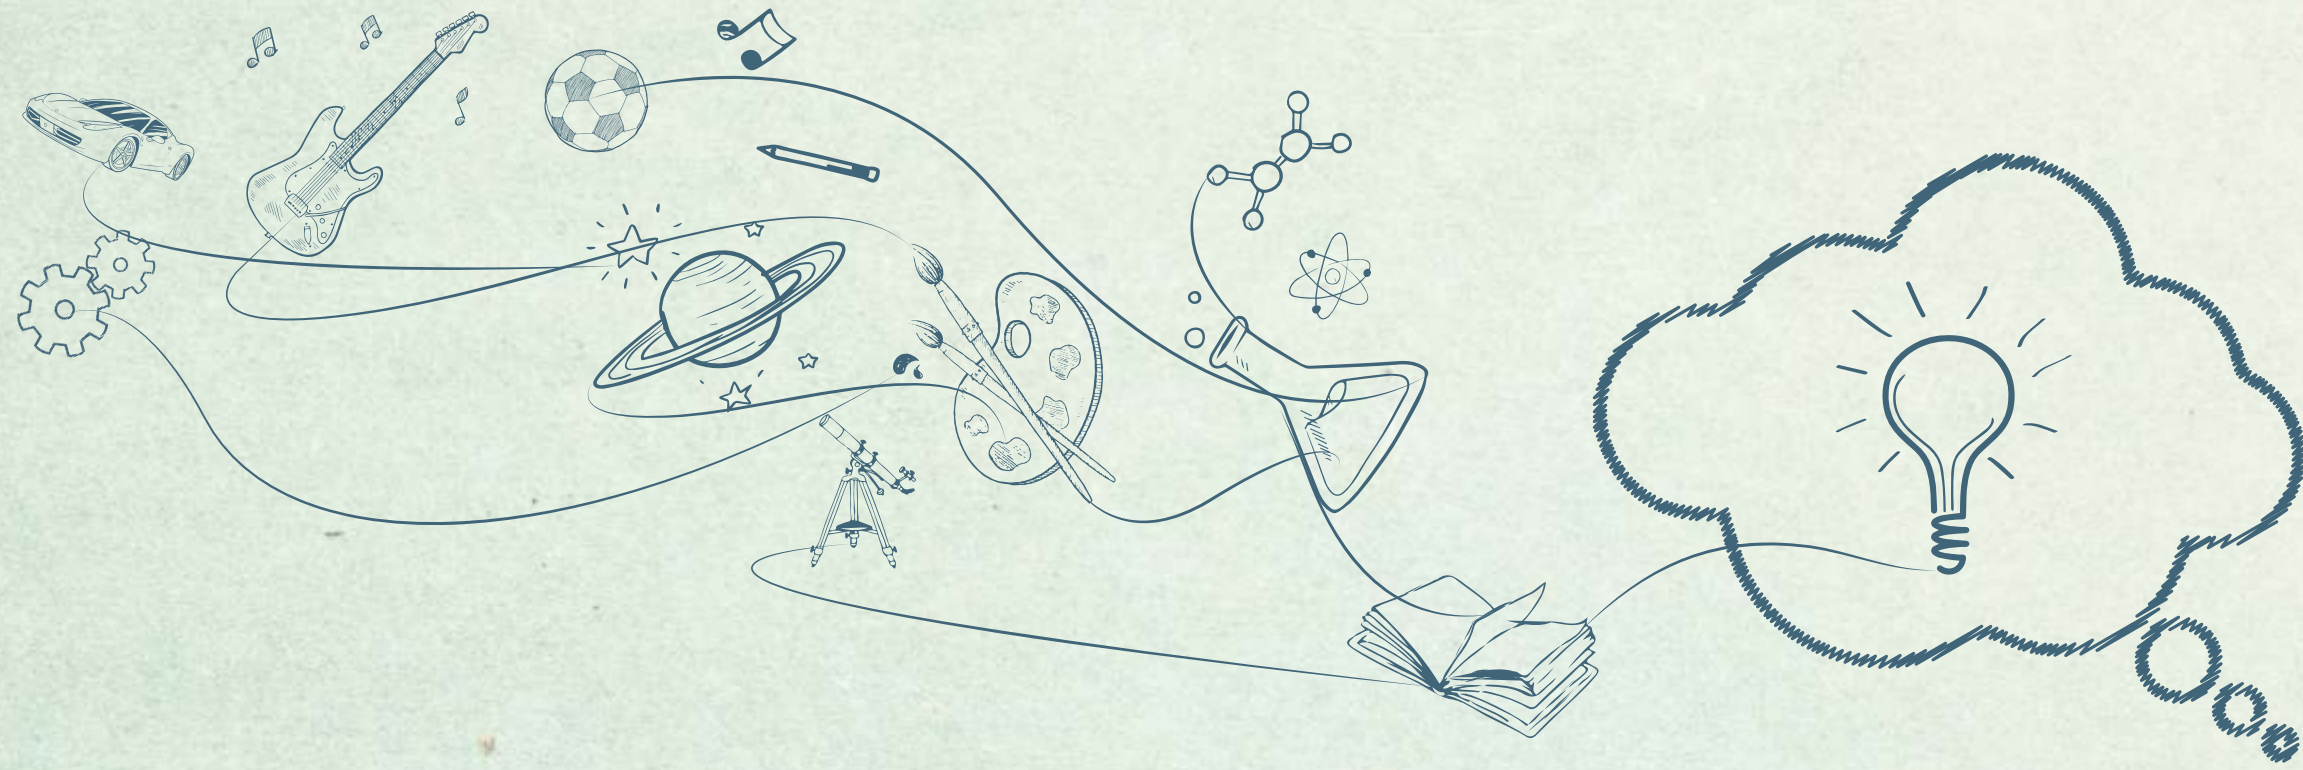

**PROJECTS:** to reiterate the child’s learning with hands-on experience

**GROUP DISCUSSIONS:** to help students exchange ideas & opinions. Also to enhance listening and speaking skills

**SPIRIT OF ENQUIRY:** to enhance the child’s natural curiosity into an open, questioning & seeking mind

**HOLISTIC SUBJECTS:** indigenously developed courses on the holistic subjects such as Human Unity, Evolution, What is personality?, Self Knowledge & Self Control, which are given as short capsules to all students

## BE WHAT YOU WANT TO BE.

Let us open our minds. Look beyond textbooks. Look without fear. Ask questions. Seek answers. Explore new ways of learning. Dream. And yes, enjoy every bit of it.

Let us think the impossible, achieve the unattainable. Let us choose to become the best that we can be.

At Shree Jee School children enjoy the freedom to think. They discover the power of the mind. They learn the techniques to tap its resources. They find mentors guiding them along the way. And thus starts their journey from-thinking to becoming.

# EXPLORE. DISCOVER. ACHIEVE.

At Shree Jee International School, we help students explore and uncover the various facets of their personality. They are inspired to take risks, to excel and to be more. Students get to pick from a host of sporting, creative and life skills activities designed to nurture physical, social and emotional well being. A vibrant co-curricular life engages, liberates, invigorates and motivates. There is so much more to discover. There is so much more to choose.

# ADMISSION CRITERIA (2017-18)

## ELIGIBILITY

✍ Admission is open for Nursery to Class VII for both girls and boys.

✍ Minimum age for admission to class LKG is 3 years 6 months and to class UKG is 4 years 6 months at the beginning of the session (i.e. on 1st April of the year).

✍ The School would inform parents about interview and selection process in due course of time.

Please note that the School will add senior classes from the next academic year.

## TRANSFER CERTIFICATES

Students who are under transfer from schools (including outside U.P.) must have their Transfer Certificates counter-signed by the Inspector of Schools of the state concerned.

## DOCUMENTS

For admissions, from Nursery to class VII, parents are required to submit:

✍ A photocopy of the date of birth certificate of their wards issued by a competent authority at the time of registration

✍ Two passport size photographs of the ward and one each of the parents

✍ Requisite admission form

✍ Aadhaar card of the ward

For admission to other classes a certificate from the head of the institution where the student is presently studying, will have to be produced at the time of registration. The Original copy of the Birth Certificate must be produced for verification when required. Application for admission should be given in the appropriate form. Children, along with their parents, will be interviewed, if necessary, by the Principal.

## ADMISSION FEE

Prospectus and application form can be obtained from the school office and completed application forms can be registered by paying a registration fee of ₹500. The said registration fee shall be non-refundable.

## RULES FOR ADMISSION

✍ The application for admission must be given on the appropriate form.

✍ The school reserves the right to select or reject any application. The decision of the school authorities is final as far as granting / refusal of admission is concerned.

✍ Parents are requested to give an advance notice of at least a month for the withdrawal of their wards. Otherwise, a fee equivalent to the tuition fee of one month shall be charged for issuing the transfer certificate.

✍ Annual Examination (Class V onwards) are held in March.

✍ Cumulative assessment of the whole year is considered for the child's promotion into the next class.

✍ A student who fails twice in the same class will have to be withdrawn from the School.

## PAYMENT OF FEE

✍ The fee is to be paid in the School Office in advance for every three months before the end of the first month. Fee once paid is not refundable.

✍ Payment of fee by cheque / pay order shall be accepted up to the 30<sup>th</sup> of the first month of a term in which the payment falls due.

✍ Cheques / pay orders should be drawn in favour of **Shree Jee International School-Revenue Account**, payable at local banks.

✍ In case a cheque is dishonoured, a fine of ₹100 will have to be paid along with the fee and bank charges as applicable.

✍ After the end of the month, a fine of ₹50 will be charged per week or part thereof for late payment of fee. If the fee remains unpaid for two consecutive months, the name of the student will be struck off the rolls.

✍ The fact that a memo or bill has not been received by a parent does not exempt the student from paying fee nor prevents the school from taking necessary action against the said student for non-payment of fee.

✍ If any student whose name is struck off the rolls seeks re-admission, he/she will be charged a re-admission fee of ₹1000, provided re-admission is permissible and sanctioned by the Principal.

✍ If any collection charges are levied, the same would be payable by the parents / guardians.

✍ Detailed fee structure would be shared with parents only after registration of their wards for the admission process.
